

INSTRUMENTAL MUSIC STUDENT RESOURCE SCHEME 2025

07 February 2025

Dear Parents/Caregivers

Please find attached the ***Student Resource Scheme (SRS) Participation form***, which all students within the Instrumental Music Program are required to complete. The SRS levy funds our program for resources such as sheet music for ensembles and lessons, competition entries and transport, and teaching and learning resources. The levy for 2025 remains at **\$72** for each participant. The School Administration Office will be invoicing instrumental music families and payment is due before **28 March 2025**.

For students hiring an instrument from the school

The 2025 hire levy remains at **\$160 per year**. This offsets the cost of instrument maintenance as well as the purchase of new instruments. In completing and signing the *External Request for Equipment – Student* (EQ11) form, (which your instrumental music teacher has already provided to you), you and your child agree to take full responsibility for the instrument for the period of the loan. Once the (EQ11) form has been received, the Administration Office will issue an invoice for the \$160 hire levy to be paid as soon as possible (BPOINT is the preferred method of payment).

We look forward to another exciting year of Music at Fig Tree Pocket State School. If you have any queries, please do not hesitate to contact us via email.

Yours sincerely

FIONA LOUGHEED
