

Isolation at home	Year 2	Term 1	Week 5 Mon 21 st – Fri 25 th Feb
--------------------------	---------------	---------------	--

English

Daily Write

Do this every day with a different place to compare. You can use places you have been to over the past couple of years if needed.

15 minutes each day

ENGLISH (Health subject related)

Write about yourself and where you live and your suburb. Make a VENN DIAGRAM. How is it different or the same to a place you go to for holidays?

English

Writing

Add MORE IDEAS to this everyday

20 minutes

Let's practice writing an Imaginative Text – that's a made-up story.

First, THINK about these comments to get you started:

Have you seen the movie THE JETSONS? When I was younger, we couldn't wait to fly in cars, have a robot, and order our food from machines . . .

Write a few sentences each day telling us what you think your home life will be like in 20 years from now. USE YOUR IMAGINATION!

English

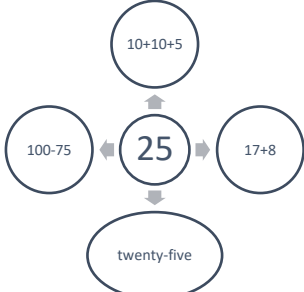

Reading

15-20 minutes

Read a variety of NARRATIVES (made-up stories) and FACTUAL information texts.

Which type do you prefer and WHY?

If you were to write a book, which kind would you write? Give me an example of your choice.

<p>Maths</p> <p>20 – 30 minutes</p>	<p>Think Mentals</p> <p>Mathletics: https://login.mathletics.com/</p> <p>Teachers will assign tasks. Click on the link above and log in to complete your assigned Mathletics tasks.</p> <p>Practise:</p> <ol style="list-style-type: none"> Counting in 10s forwards and backwards while balancing on ONE FOOT! (Swap feet) Use a skipping rope or hula hoop if you have one, practise your RAINBOW FACTS Rainbow facts are two numbers that go together to make 10 (or 20 or 100) 0+10=10 1+9=10 2+8=10 3+7=10 4+6=10 5+5=10 <p>OPTION: You could try doing plus + and minus / take away -</p> <p>Do a number mind map like this one for 25.</p> <p>Choose a different number each day.</p> <div style="text-align: center;">  </div>
<p>SCIENCE</p> <p>20-30 minutes</p>	<p>Lesson intent: <i>Are they growing or are they changing?</i></p> <p><i>What observations can I make using living things found around my home?</i></p> <ol style="list-style-type: none"> Look at home for seeds that you can sprout. Chia seeds are great as you can eat them too! Write up a plan and DO IT. Day One: Choose my seeds Day Two: Observe what has changed Day Three: Observe any movement <div style="text-align: right;">  </div> <p>Scientific Drawings. Draw very carefully EXACTLY what you see. (No colour for scientific drawings)</p> <ol style="list-style-type: none"> Have you noticed that any of these items you have documented have ever changed? How have they changed? What did you see, hear, feel or smell with these changes?
<p>HASS and Health</p> <p>20 – 30 minutes</p>	<p>Design a poster for school using a SCHOOL RULE. Your poster needs a rule and the reason for it.</p> <p>Don't run on concrete. </p> <p>If you run, you could trip and hurt yourself. </p>
